

There are so many fun ways to make puppets, and to go along with the story of Goldilocks and the Three Bears, we're making them the quick and easy way.

### Here's what you'll need:

Felt (1 sheet of brown, & small pieces of other colors)

Craft or Fabric Glue

Embroidery Floss (white)

Mittens (adult size) -or-  
2 sheets of felt that contrast with your brown felt

Pattern Templates (found at the end of this PDF)

Begin by cutting out the templates, then cut out all of the pieces from felt.

Use craft glue to attach all of the pieces on to each of the figures.

*HINT: If you want more details,  
you can add all kinds of fun  
things with embroidery floss!*

Add french knots with embroidery floss to make a pearl necklace for Mama Bear.

*HINT: If you don't have mittens,  
you can make simple mitts using  
felt and the included templates.*

*HINT: Watch out for overlapping  
areas on Goldilocks. Glue in extra  
areas can make assembly messy.*

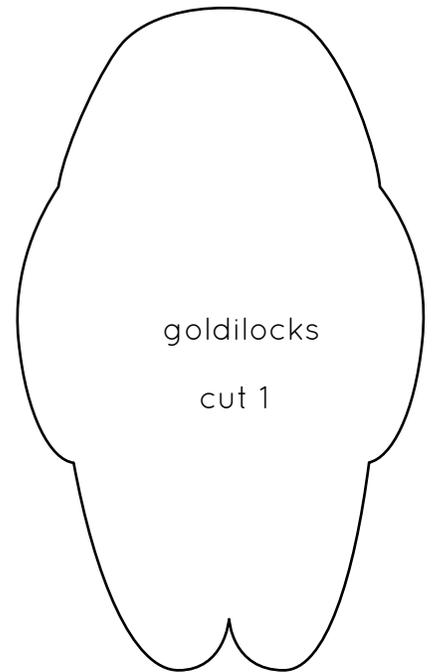

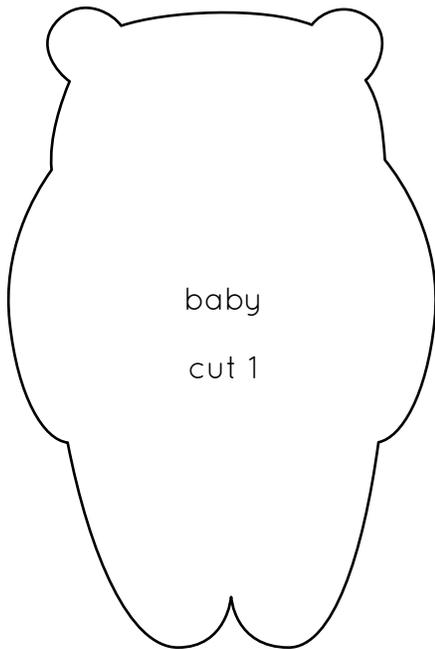

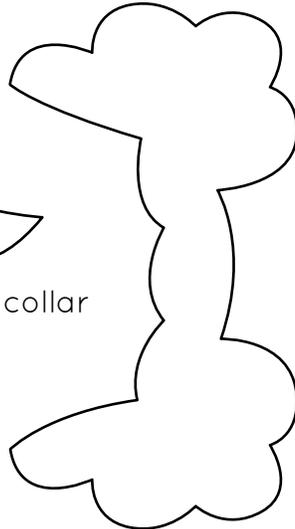

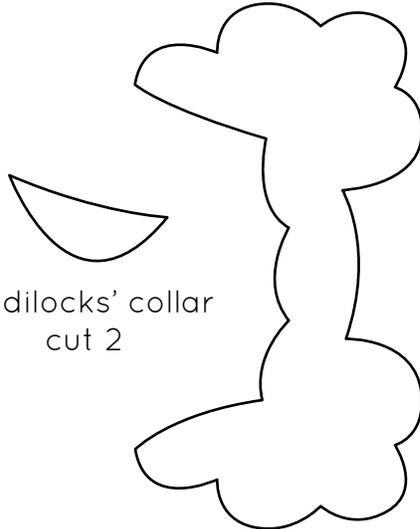

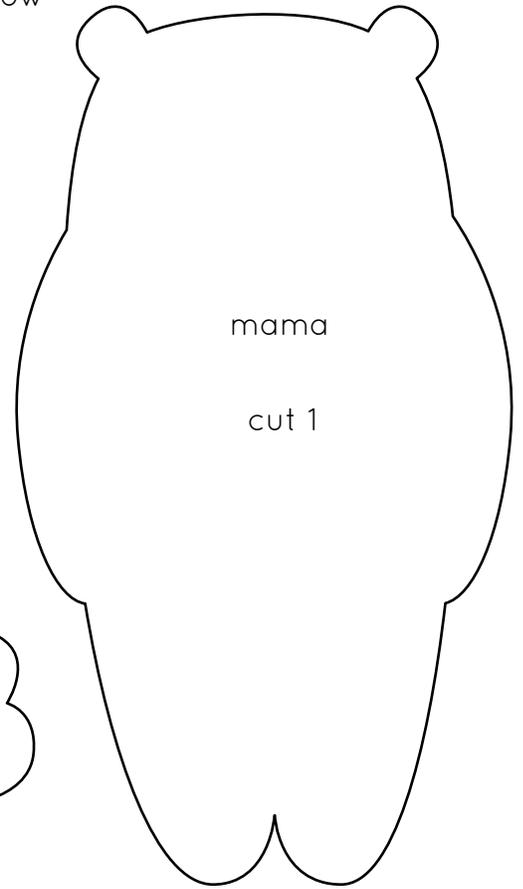

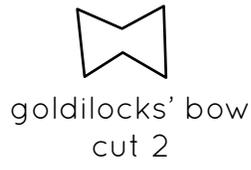

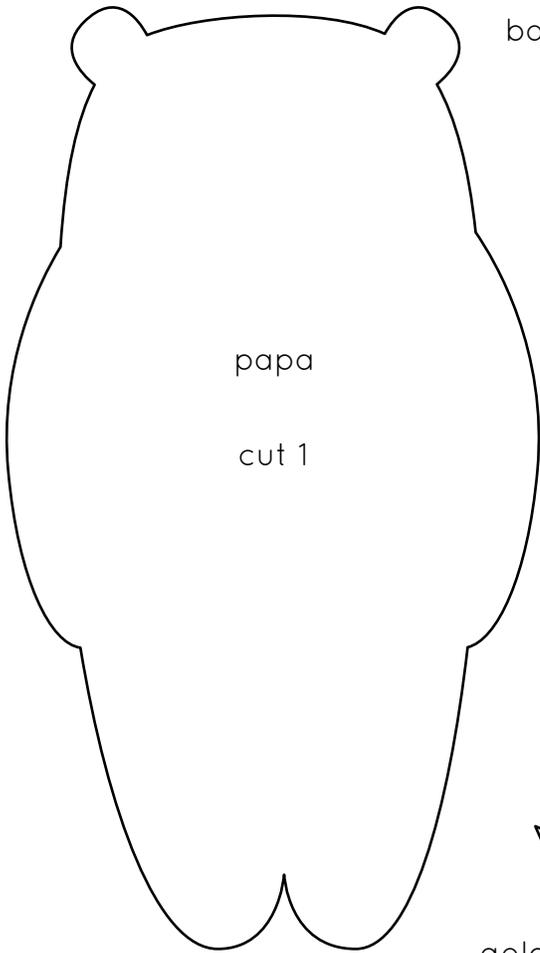

Use craft glue to attach each character to the fronts and backs of the mittens. See next page for placement.

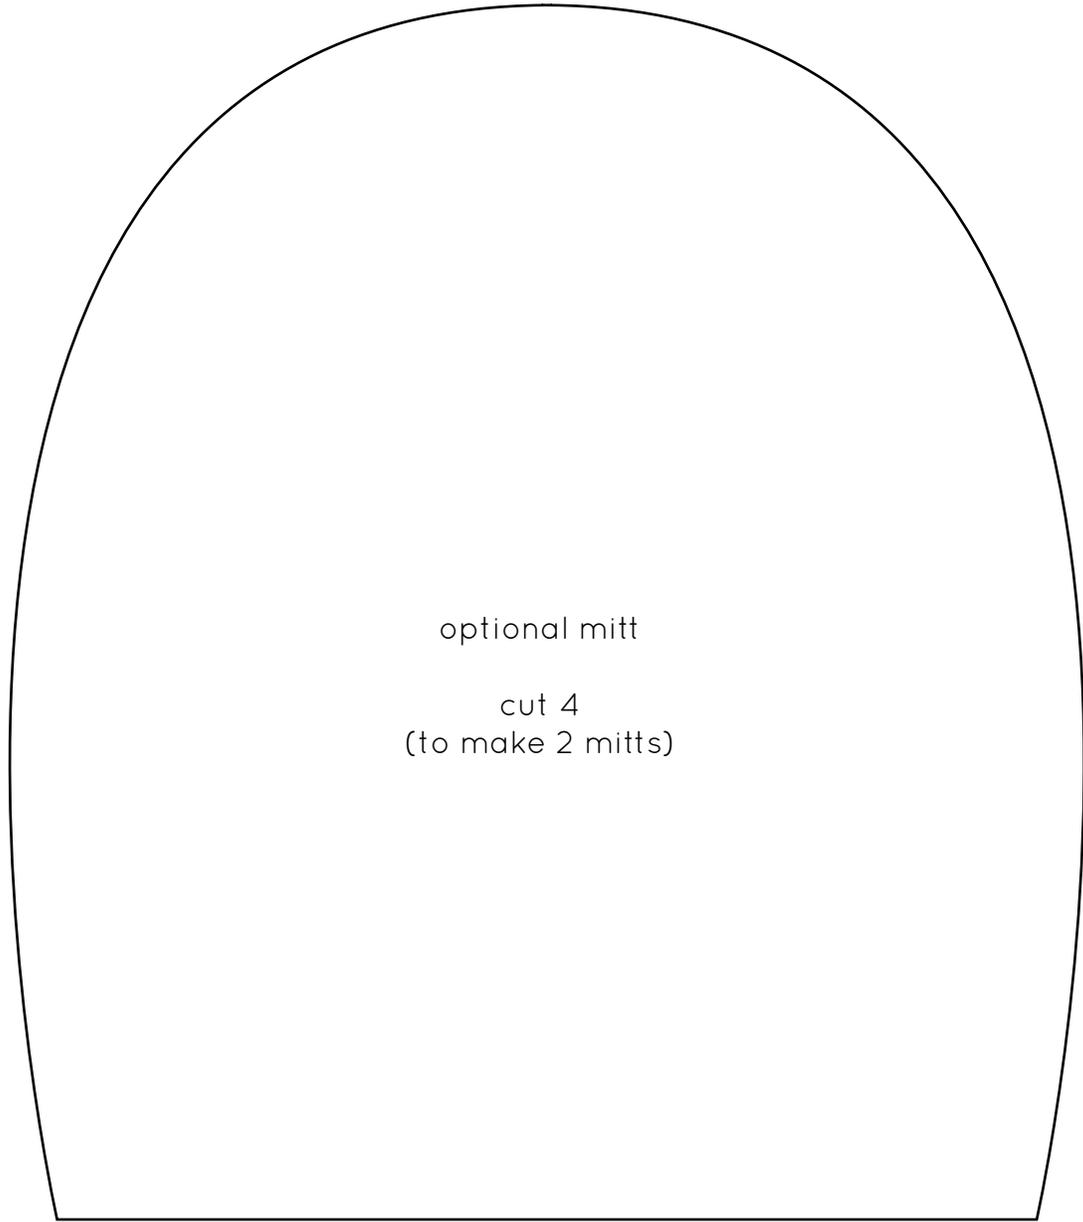

*Placing the characters like this allows you to be all four characters, by simply turning your hands!*

Place Goldilocks on a palm, with Mama Bear on the back. Place Baby Bear on the other palm, with Papa Bear on the other back.

Allow the glue to dry thoroughly before using.

optional mitt  
cut 4  
(to make 2 mitts)
