

# Harvesters

## Printable Celebration Banner

Type the letters you need for your banner message onto the blank scallops. To do this:

- Click on the first scallop, and type one letter.
- Click the next scallop and type for each additional letter.
- Print, then erase your letter and add more as needed for your banner message.

After you've printed your pages, trim the scallops.

Punch a hole into each top corner of the scallops, then thread them onto ribbon or string.

*For personal use only.*
