

august

Thanks for downloading August's Make. Do. Create. Workshop in a PDF! I hope you find this project to be fun and inspirational!

In addition to the supplies listed, you'll also need some basic items you probably have, like a needle, scissors, etc. There are a bunch of ways to use this project, and some may require extra materials...I'll let your imagination supply those materials lists.

This workshop is for personal use only. Please do not sell the project you make, use the project in a class for profit, or redistribute the file. However, you may make this project for gifts, use with a group of children, such as a Girl Scout Troop, or make with friends for a craft gathering.

If you have any questions about the project or usage, please email:
molliejohanson@gmail.com

Button Buddies Embroidery

Use a button as the base for your embroidery...use it to embellish anything!

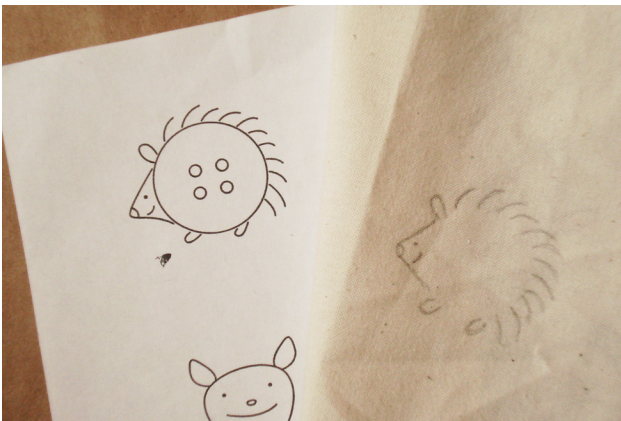

Here's what you'll need:

Fabric (or something to embroider on)

Embroidery floss

1" Button

Pattern from page 3

Here's what you'll do:

Trace your pattern onto your fabric. Don't trace the button...it's just there to show you the placement. But guess what? You could stitch the button instead of using a real one...that would be cute too!

Stitch your design. Because this is pretty small, you may want to only use a few strands of floss. I used three throughout the hedgehog.

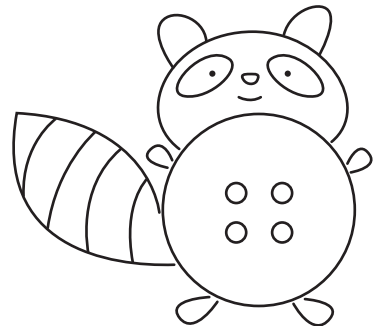

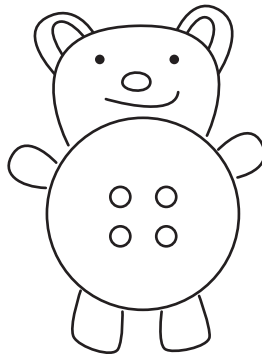

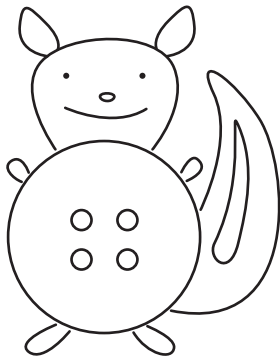

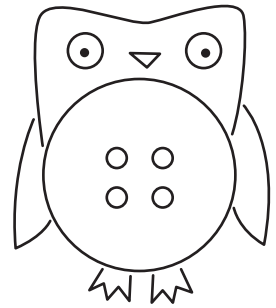

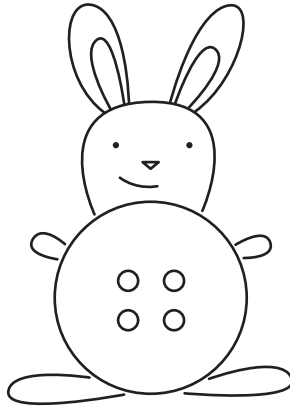

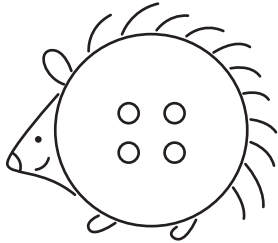

Sew a button in the middle of your design, and you're all finished!

You can use your finished embroidery for all kinds of things. Make all of them and hang them as a grouping. Embellish some clothing. Get creative!
