embroidery pattern

**WILD
OLIVE**

To use this embroidery pattern, simply print out and tape a page to a brightly lit window, then tape your fabric up and trace. You can also print onto Sulky Sticky Fabri-Solvay (so easy!) or use transfer paper or a transfer pen/pencil.

- Colors are suggested...but the possibilities are endless (after all, choosing colors is half the fun)! Here's what I used on the color suggestion page:

- Try out a variety of stitches...you'll end up with a variety of results.

This pattern is for your personal use only. As this pattern is based on the Instagram logo, I would not recommend selling embroideries with this design on them. Please do not redistribute this file. Thank you.
